Set of test headforms for helmet-mounted earmuffs

Description

Each of the three headforms in the set comprises an epoxy resin "half-head", secured between two parallel, transparent acrylic plates.

On each plate, at the points corresponding to the centre of the ear openings, is located a threaded insert to enable the attachment of an artificial pinna at the appropriate point.

The headforms comply with EN 13819-1:2020, for sizes 505, 575 and 615 from EN 960:2006.

One pair of the specified artificial pinnae and securing screws are included.

Services required

Bench mounted

Approximate size & weight

Each headform is about 240 x 150 x 260 mm & 3.5 kg

Relevant standards

EN 13819-1:2020, clauses 4.2 and figure 6
